

The Presidents Corner

June 23rd, 2019

Some of our club members have been asking how things are with us, and have been communicating with fellow club members over the last couple months, just to stay in touch.

For Sharon and me, we have been busy with our new jobs as camper helpers in Buena Vista, CO. We were offered the job in January after spending last summer here recommended by Dennis and Pat Swann. I have to say, it's a pretty easy gig with free rent and electricity all for a five hour shift for three consecutive days followed by six days off. There are also a lot of Jeeps and Jeep trails here.

We have been on the trail with Sam and Connie, as well as some folks here in the RV Park, and yes, I have broken and bent things on my Jeep. Needless to say, there are some trails here that are a little more difficult than others but I haven't had to use my winch yet. To add to the bent and broken, it was minor and no body damage but I have also learned that heavy duty is a good thing, and you get what you pay for, unless the good stuff goes on sale.

You may know that Russ and Karen Moes entered and won a \$1500 bumper contest from Extreme Terrain while Mike and Linda Maul have been being real tourists posting photos of their travels on Facebook. So far, it looks to be a great summer.

Stay safe and enjoy your summer. Also, check out our website often as things change, even during the off season. See you on the trail or possibly in Ouray or Moab. Check in once in a while, we enjoy hearing from you.
