

The Presidents Corner  
November 22, 2017

Thanks to all of you that have submitted your special assessment dues of \$20. Today, with the help of a \$200 donation from the Fun and Games Club and funds from the club treasury, we were able to purchase a new AED at significant savings for a total cost of \$895 with a Black Friday Special from Heart Smart. The new unit will be delivered by November 30th with a full eight year warranty and will have the latest technology available. It will also fit inside our trauma first aid bag so there will be no added bulk in case of an emergency. Please be sure to see Lindy, our Treasurer, to help fund this project.

We have negotiated a two night special for our upcoming trip to Cottonwood and Sedona in March 2018. The Best Western in Cottonwood, AZ has given us a block of 20 rooms with reserved parking. This hotel has a great breakfast every morning with juice, coffee, waffles, pastries, hot and cold cereal, and eggs. The price will be about \$210 all inclusive for two nights and paid individually. More on this as time develops.

November has been a busy month with trail rides, meetings and research on behalf of our club. Special thanks go out to our sponsors, trail leaders, and officers.

Have a healthy and bountiful Thanksgiving Holiday.

Don Phelps-Club President
